

Greetings,

We have a lot of activity going on right now at the FS-ISAC. As of January 31, 2013, the Security Operations Center no longer be outsourced but will be insourced by the FS-ISAC. The secure portal will be an application built under NC4's Mission Center Solution and even the public website will be updated with a fresh design.

The most immediate impact will be the new secure portal interface. Members can continue to access the new portal using the mechanisms they are accustomed to.

We are very excited by the new transition and the opportunities it offers to you as members. The new portal will give us the flexibility to develop more special group compartmentalization. Later in the year we are looking to develop a daily sector cyber and physical threat report and well as other valuable analytical and predictive trend products.

We also are creating an FS-ISAC Fusion Center which will allow for on-site collaboration between members and other sectors as applicable and the ability to surge staffing/collaboration as events dictate.

We are currently building a user-guide for the new portal, which will be sent out soon.

For any questions regarding the transition, please feel free to contact the admin staff. We hope you will be as pleased with the changes as we are.

FS-ISAC Calendar

February 27, 2013
FS-ISAC Reception at RSA

March 20, 2013
Minneapolis Regional Workshop

April 27- May 2 2013
2013 FS-ISAC Annual Summit

November 16-21 2013
2013 FS-ISAC Fall Summit

Join FS-ISAC In San Francisco At RSA

The FS-ISAC is once again holding a networking reception during the upcoming RSA Conference 2013. Plan to join your FS-ISAC colleagues on Wednesday, February 27, 2013 from 5:30-7:30pm PT. Catch up with peers, discuss latest trends and issues and enjoy light hors d'oeuvres at a casual and contemporary environment near the Moscone Center. For more information and to RSVP contact events@fsisac.com.

Registration Now Open For The Spring Summit

The 2013 FS-ISAC and BITS Annual Summit will be held April 28-May 1, 2013 at the Sawgrass Marriott in Ponte Vedra Beach Florida. Registration is now open for the event. The program has been developed and a brochure will be out shortly. Remember to reserve your room as soon as possible as last year the hotel sold out. Also, we will be holding our Best Ball Golf

Tournament at the award-winning Dye's Valley championship golf course on Sunday, April 28 starting at 12:30 pm. Sawgrass is the headquarters of the PGA and The Players Championship will just be a few weeks after so the courses will be pristine. This popular and fun event will include prizes for Longest Drive, Closest to Hole, Hole-in-One, Best Team and Worst Team. Spaces are limited so sign up today! For more information go to www.fsisac-summit.com or send questions to conferenceteam@fsisac.com.

Upcoming March Events To Note

Mark your calendars for upcoming March events. First on **March 11th and 12th, 2013**, FS-ISAC will be holding an analyst exchange in Northern Virginia/Metro DC area. The first day, March 11th will be a Classified briefing at the SECRET level. The second day, March 12th will be an all day exchange of threat information seen in the sector at an UNCLASSIFIED level. Look for an announcement soon.

Disaster Recovery Journal (DRJ) has partnered with FS ISAC for Spring World 2013. FS-ISAC members Debra Zopyy and Marc Sokol will be presenting a session on "A Holistic Approach to Convergence of Business Resiliency and Operational Risk" Join them in Orlando on **March 17-20, 2013**. To see the full agenda go to www.drj.com/springworld. Also take advantage of a 10% discount offered to FS-ISAC members. Simply enter the coupon code "FS-ISAC" to receive this discount.

Finally, plan on joining us for our first regional workshop in 2013, for the FS-ISAC Minneapolis Workshop and CISO Executive Summit on **Wednesday, March 20, 2013**. Registration is open at the FS-ISAC website at www.fsisac.com and you can see the agenda there. This will be an event you won't want to miss and it's **FREE**.
