## July 2012

**Greetings,**

Plan to join us for the 2012 FS-ISAC Fall Summit, which will be held October 21 - 24, 2012 at Lansdowne Resort in Leesburg, Virginia.

We have a great agenda lined up including Point-Counter Point with Lott and McAuliffe - referenced in this newsletter - as well as Liespotting with Pamela Meyer. After you hear her keynote you will be armed with a lasting advantage to detect deception by decoding the body language, facial expressions, words and actions of everyone you encounter.

Some featured topics are 2012, Year of the DDoS covering DDoS trends, motivations and techniques; cyber intelligence automation; cyber security legislation and the definition and implication of being identified as critical infrastructure; Insider threat trends; How cybercriminals target the weakest link; Data leakage protection; What is working and not working in dual factor authentication; Mobile security; Nation-state threats to the financial sector and much more.

The FS-ISAC events are an important opportunity to network with your peers who are experts in the industry as well as learn about relevant security topics for financial institutions. As part of your FS-ISAC Premier, Gold and Platinum member benefits attendance, which includes all meals sessions and events, is FREE. There is no better value. Registration is now open so go to [www.fsisac.com](http://www.fsisac.com) and sign up for the 2012 Fall Summit today.

*Anish Bhimani*  
Chairperson

*Bill Nelson*  
President and CEO

2013 FS-ISAC Annual Summit

## Exciting Speakers At Workshops-You Can Still Sign Up

Just announced! Billy Rios will be speaking during the **Industrial Control Systems: Should Financial Institutions Be Concerned?** workshop at Mastercard's Purchase, NY Headquarters on **Tuesday, August 7th**. Rios, a security researcher and co-author of Hacking: The Next Generation will talk about his research on control system vulnerabilities, which was featured in a July 11th cover story in the Washington Post. In addition, Ryan Kimmitt from ICS- CERT will be giving an overview of the threat landscape and Stuxnet. Join your peers for dinner the night before. The workshop is **FREE**. Shawn Henry, formerly of the FBI will be speaking on a panel at the **Cross Border Incident Coordination on Wednesday, August 15th** at the Bank of America Los Angeles Data Center. In addition, Microsoft will be speaking about their state of the art technologies deployed to enhance their global incident response. These are sessions you won't want to miss and registration is **FREE!** The workshops are being held as part of FS-ISAC's mission to foster sector relationships and highlight important topics for members. To register go to the Upcoming Events Section of the FS-ISAC website at [www.fsisac.com](http://www.fsisac.com) or contact [admin@fsisac.us](mailto:admin@fsisac.us) for any questions. If you are interested in hosting a regional workshop please let us know at [admin@fsisac.us](mailto:admin@fsisac.us).

## Point-Counter Point with Trent Lott and Terry McAuliffe

Exciting new addition to the FS-ISAC 2012 Fall Summit agenda; a live debate between famous Democrat and Republican representatives on the eve of the 2012 Presidential election! Terry McAuliffe served as chairman of the Democratic National Committee. In addition he was Co-Chairman of President Bill Clinton's 1996 re-election campaign and Hillary Clinton's 2008 presidential campaign. Trent Lott, former Senate Majority Leader, served in numerous leadership positions in both the United States House of Representatives and the Senate. Be sure to join the FS-ISAC for what promises to be a very engaging political discussion. Point-Counter Point with Lott and McAuliffe will be held at dinner on Tuesday, October 23, 2012 at Lansdowne Resort in Virginia. To register go to the Upcoming Events Section of the FS-ISAC website at [www.fsisac.com](http://www.fsisac.com) or contact [admin@fsisac.us](mailto:admin@fsisac.us) for any questions.

## DHS Bomb Making Materials Awareness Program

Don't forget to register for a **FREE** one-day program hosted by the FS-ISAC, ChicagoFIRST, the Department of Homeland Security and MSA on Bomb Making Materials and Awareness (BMAP) in Chicago. Two dates are being offered; **either Tuesday October 16, 2012 or Thursday October 18, 2012**. To register go to the Upcoming Events Section of the FS-ISAC website at [www.fsisac.com](http://www.fsisac.com) or contact [admin@fsisac.us](mailto:admin@fsisac.us) for any questions.

## Mark Your Calendars For Upcoming Free Webinars

The FS-ISAC and RSA are hosting a complimentary webinar **Wednesday August 8, 2012 at 1:00pm ET on From Malware to Mobile: A Look at Cyber Threats in 2012**. Also plan to mark your calendars for a complimentary webinar hosted by FS-ISAC and Guardian Analytics on **Wednesday August 22, 2012 at 1:00pm ET**. As usual, all who register for a particular webinar will receive a link to the webinar recording. To register go to [www.fsisac.com](http://www.fsisac.com) and click on the webinar listed in the Upcoming Events section on the home page. For any questions contact the webinar team at [webinars@fsisac.com](mailto:webinars@fsisac.com).
